(a) Pigou–Dalton principle
Violations (% of transfers)
Share of negative values (%)
0.04
0.4
1.4
2.1
(b) Diminishing transfers
Violations (% of comparisons)
Share of negative values (%)
n = 5
n = 10
n = 20
(c) By sign class of transfer
Both non-negative
0 of 110,260
Both negative
0 of 3,770
To negative recipient, stays below zero
0 of 25,562
To negative recipient, ends at zero or above, no other debtor
0 of 4,172
To negative recipient, ends at zero or above, other debtor(s)
942 of 6,159
Violations (% of transfers)
